Rules and Regulations

This document outlines the responsibilities of a course director for the College of Emergency Medicine ACCS Simulator Course.

The course director is responsible for:

1. The course director must be a Fellow of the College of Emergency Medicine. Non-medical faculty are acceptable.
2. Recruiting candidates, ACCS Doctors take priority for places in this course, but any Doctors working in Emergency Departments are very welcome.
3. Ensuring all the course materials are covered during the day. A timetable is attached. The course director has the discretion to change parts of this, if necessary.
4. Ensuring that all candidates complete an evaluation form and that these are analysed locally.
5. Informing the steering group via Adrian.boyle@addenbrookes.nhs.uk that a course has been conducted and advising the group of any problems.
6. All candidates and faculty receive a certificate at the end of the day. An example template is attached below.

Scenario	Status
Asthma or Asthma RSI	Essential
Sepsis	Essential
Upper GI Bleed	Essential
Coma with blown pupil	Optional
COPD and Futility	Optional
Head Injury	Optional
Seizure	Optional
Trauma and STEMI	Optional
Tricyclic Antidepressant Poisoning	Optional
