

EMERGENCY MEDICINE TRAINEES' ASSOCIATION

## EMTA online 2021: The new frontier, leading from the front

Wednesday 24 and Thursday 25 November 2021  
 RCEM accredited for CPD  
 GMC domains covered: 1, 2, 3, 4  
 RCEM curriculum codes: SLO 1-12 inclusive

Did you know, there's a new kid on the block? Let EMTA take you to 'The New Frontier' whilst we explore and engage in the new RCEM curriculum. Travel through a galaxy far far away and come with us on a journey around the speciality learning outcomes (SLOs) whilst exploring our exciting yet unfamiliar universe.

We could never have predicted the last 18 months in healthcare and EM. Far from being furloughed, our teams have adapted to rapid change, innovation and new ways of learning. As we start to look forward, we are joined by the new RCEM curriculum. As an introduction and recognition of this, this year's EMTA conference will embrace the new SLOs and show how our speciality is certainly leading from the front when it comes to training and development.

### CPD certificates

CPD certificates will be sent to those who attended the live session ten working days from the end of the event. Please note, you are required to attend the live event in order to receive your CPD certificate.

### What to expect

- Log in instructions to join the live event will be sent to registered delegates the week of the event.
- Registered delegates will have access to content for 6 months after the live date.

## Day 1: Wednesday 24 November 2021
