

Clinical Toxicology: An update for the emergency physician

Date: Tuesday 29 June 2021

RCEM accredited for CPD

GMC domains covered: 1 and 2

RCEM Curriculum 2021 Specialty Learning Outcomes: SLOs 1, 2 and 7

RCEM Curriculum 2021 codes: PhP1-3, PhC1-5

CPD certificates

CPD certificates will be sent to those who attended the live session ten working days from the end of the event. Please note, you are required to attend the live event in order to receive your CPD certificate.

Learning objectives

- To provide an update on the presentation and management of common acute poisoning to the Emergency Department.
- To cover relevant RCEM curriculum requirements and on-going training/exposure appropriate for revalidation
- To cover updates in poisoning that are either common to the ED and/or likely to be problematic in their management

Who should attend?

- Emergency medicine trainees
- Emergency medicine SAS grade doctors
- Emergency medicine consultants
- Senior emergency department nurses
- ACPs/ANPs
- Clinical or research fellows
- Consultants in ICU, anaesthetics or acute medicine
