President's Report

Adrian Boyle

Welcome

You will be asked to vote during the AGM via the platform,
scan the QR code or log-in at **rcemasc2024.com**

This AGM

- The rules governing our Annual General Meetings are variously described in our Charter, Ordinances and Bye Laws
- AGM votes and decisions are advisory to the Board
- After each presentation we shall be asking you to vote to accept (or not) the report
- There is an online facility to enable you to ask questions in real time

You will be asked to vote during the AGM via the platform, scan the QR code or log-in at **rcemasc2024.com**

How the voting system will work

- To allow for both on site and online attendees to take part, and ask questions, everyone will be asked to use our virtual conference platform.
- To access this, log into the virtual event platform via the RCEM Events app or your Internet browser, or scan the QR code below. Open the AGM session on the left-hand menu

You will be asked to vote during the AGM via the platform, scan the QR code or log-in at **rcemasc2024.com**

How the voting system will work

- Once you have selected the AGM session, questions will appear in the poll tabs at the right hand side of the screen.
- Questions will appear after each presentation and remain open throughout the next speaker's talk.
- Results from all the polls will be shared at the end of the AGM.

You will be asked to vote during the AGM via the platform, scan the QR code or log-in at **rcemasc2024.com**

How we will deal with your questions

- Questions for the panel can be submitted throughout the AGM
- To ask a question, please submit this via the Q&A tab on the virtual platform
- The panel will endeavour to answer as many questions as possible after the presentations.

You will be asked to vote during the AGM via the platform, scan the QR code or log-in at **rcemasc2024.com**

RCEM about us

An organisation created by Royal Charter

A charity regulated by the Charities Commission and the Scottish Regulator

The objects... shall be to:

- advance education and research in Emergency Medicine and to disseminate the useful results of such research
- preserve and protect the standards of health care and to raise them by improving standards of health care and to provide expert advice on policy to appropriate bodies concerning Emergency Medicine.

Apolitical

Focus on our Charitable Objects
