The Royal London
Hospital

Welcome

We are delighted to invite you to the Royal College of Emergency Medicine's (RCEM) 2026 conferences and study days. These events are integral to the ongoing professional development of top emergency physicians and allied health professionals in the UK.

We are keen to collaborate with sponsors and exhibitors through a range of carefully designed packages that maximise visibility for your business, align with your key objectives, and offer an educational experience for our delegates. We will work with you to ensure you can exhibit in the heart of our venues,

taking advantage of a range of services co-ordinated by our experienced events team.

We are also delighted to open up our smaller conferences and study days to our sponsors. These more intimate events provide you with opportunities to target your business to key decision makers and special interest groups in emergency medicine practice. Many of our study days are held at our events centre, Octavia House, in central London and we have a number of smaller conferences across the UK. Alongside our face-to-face events, we also welcome sponsors to participate in our online events — an excellent opportunity to connect with our international audience and delegates who are highly engaged with specific clinical topics that may align with your products and services.

Our events team can provide details on our regular sponsorship packages or provide a bespoke service around your needs for physical space, facilities, technology, logistics and more.

Across all our events, we aim to showcase best practice in clinical care and pioneering research, while creating a vibrant environment for delegates, sponsors, and exhibitors to network and celebrate our shared commitment to emergency medicine.

We hope that you are excited about this opportunity to partner with RCEM, and that you will join us in 2026 as we celebrate the cutting edge of Emergency Medicine.

The College will provide name badges for sponsor representatives attending the event when names are given in advance, these can be collected from the registration desk. Please contact the College if additional audio visual and IT equipment are required. Please also confirm to the College if you require additional power sockets, and we will see if this can be catered for accordingly. Please note that there may be a charge for this.

Each package comes with an assigned number of company representative passes (6x2m = 4 passes, 3x2m = 2 passes).

Deadlines for files, set-up times and storage facilities will be confirmed on an event specific basis. If deadlines are not met by sponsors then the College cannot guarantee the relevant goods, service or sponsor item will feature as planned.
